## Custom Silicone Device Grip Carry Cases

- **Minimum order** for custom cases is 1,000 units per order, per color.
- **Colors:** Unless black, please provide the exact Pantone desired.
- **Packaging:** Full color header card with your art attached to polybag is optional.

**Embossing** names and logos onto cases (in tooling) is no additional cost.

**Printing** option adds a cost of \$0.20 (twenty cents) per case, as this requires another step beyond tooling and producing and packaging.

- **Terms:** Custom orders require tooling paid at time of order plus 30% deposit for goods, unless otherwise agreed upon.
- **Tooling:** A one-time tooling fee of \$ 2,400 is required, per model. For clients that pay the tooling, the design is theirs exclusively. Tooling cost may be waived for large orders.
